## January-February Burns Harbor, Indiana Xact Report

February 10, 2021 10:22:06 AM

## INTERIM REPORT

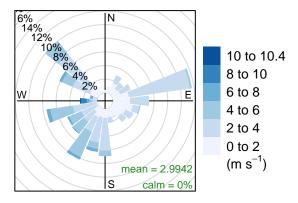

This report summarizes data collected by US EPA Region 5 between January 6, 2021 and February 4, 2021. Data in this report have been validated and reviewed by US EPA Region 5 staff and can be interpreted as shown. All data of hazardous air pollutants have been collected by a  $PM_{10}$  inlet head.

Note: Data are subject to additional review at the conclusion of the monitoring campaign after all QA/QC data has been gathered. These data have been solely validated for the timeframe. A final report will be generated at the conclusion of the campaign.
